Statement Wire, wonderful wire, wrapped, woven, twisted, hammered, soldered, riveted, fused. What a simple material that lends itself to so many variations/ adaptations. We use it both as a focal and to blend with vintage items, gemstones, glass and sheet to create art jewelry to wear and to enjoy everyday.

Statement Handcrafted jewelry made from copper, steel & brass. Our bracelets & rings are lined with leather, for comfort & hypoallergenic purposes. Our earrings are hung from sterling silver ear wire which we make by hand. The patinas we use create a vibrant array of colors, enhanced by the hand sanding.

Statement My work pushes the boundaries of nontraditional materials with jewelry lines that incorporate up-cycled eyeglass parts, maps and images, metal piping, antique watches, and even genuine bacon. These industrial and organic elements unite to make "green" jewelry with a high-end flair.

Statement I torch weld bronze alloys to create original, hand crafted jewelry.I hand cut copper shapes and weld nickel and bronze overlays often embedding wire forms and copper bezel set fused glass cabs. Patinas add color and contrast and give an antique appearance.Using the torch, I build up organic forms.

Statement Using moatly 925 or gold, I cast and fabricate pieces which are often influenced by the intricacies and patterns found in nature. I like to capture the ephemeral qualities and render them permanent. Also, I am drawn to natural elements, such as gems, and like incorporating their color and texture.
